

Dear Parents:

We need you! More than at any time in the past, **The Harborfields Booster Club** will be *necessary* to support sports and other extracurricular activities in our school district. Budget cuts have been deep. *But if each family joins, we will have a solid base to keep our programs strong for your children.*

The Booster Club was established in 1978 to promote and subsidize extracurricular activities, particularly athletics, for the students of the Harborfields Central School District. Over the years the Booster Club has provided financial support for scholarships, purchases of equipment, tournaments, summer sports programs, and refreshments at parent/coach meetings and sports recognition nights.

In the last few years, some highly visible examples of purchases by the Booster Club are the football, basketball/volleyball, and soccer scoreboards at the high school and the basketball/volleyball scoreboard at the middle school. Other tangible examples include machines in the high school weight room, fitness machines at OMS, SkyHawk videotape cameras, wrestling mats, baseball dugouts, and volleyball net systems. We also subsidize travel to tournaments, summer league fees, and awards. When necessary, we cover fees, equipment, and footwear for athletes who otherwise could not afford them. **These are all items that were not in the Athletic Department budget, and budgets will only get tighter over the next few years!**

The Booster Club supports ALL sports—girls and boys, high school and middle school, inter-school and intramural—and we have helped other extracurricular activities when called upon. We do this through annual membership dues, and by running fundraising events (golf outing, Harlem Wizards Basketball game, summer camps, etc.) during the year. We ask ALL families--*even those with children at Washington Drive and T.J. Lahey*--to join us in keeping our athletic and other activities intact for the future.

If you would like to get involved please come to a monthly meeting. (See school calendar for dates and times). All members are welcome at meetings. We are an equal opportunity volunteer group, trying to make a difference, and having a little fun while doing so.

There are various levels of membership to choose from. Your dues are used to improve our children's fitness and to enhance their overall experience while at school. You can join by mailing in the form below, or **you can sign up on our website at: HarborfieldsBoosterClub.com.**

Thank you in advance for your support.

Peggy Cunneen & Jill Bennardo
